

Referral and Intake Process for IV Referrals

Your doctor has or will be sending a referral to Specialty Natural Medicine for you to receive IV treatment at our clinic.

Once we receive the referral and treatment is approved, we will contact you via phone to schedule your first IV.

You can also request your appointment by completing the Online Appointment Request form at <https://www.specialtynaturalmedicine.com/appointments/>. Please note in the request that you are being referred to the clinic for an IV.

Prior to your appointment, you will need to complete the IV Referral Patient Information Form at <https://www.specialtynaturalmedicine.com/iv-referral-patient-information/>. You can also access this form by visiting SpecialtyNaturalMedicine.com and navigating to Services, IV Therapy, IV Referral – Patient Information on the main menu. You can either wait until we contact you regarding your first appointment or complete this form right away. Either way, it is required that the form is complete at least one business day prior to your first scheduled IV.

Please plan to be at the office between 30 – 60 minutes for your first IV. Return visits for Iron are generally done within 30 minutes and return visits for Myer's or glutathione IVs are generally done within 45 minutes.

IVs are not covered by insurance. If your insurance is a plan that we are in network with, we can bill the office portion of the IV (except for Iron IVs) but must take payment for the IV formula at the time of your appointment. Due to their single use nature, glutathione formulas must be paid for in advance of your treatment.

Iron IV Therapy is not covered, and no portion of the service can be billed to insurance.

Please contact us directly at 425-423-0878 for cash rates for our IV services.

Thank you and we look forward to working with you and your physician on your highest health and wellness.

Venofer (Iron) IV Advance Beneficiary Notice of Non-coverage

This document provides information on costs and payment for Venofer (Iron) IVs.

This document does not modify or change the details and terms of the “Financial Consent” consent form signed by the patient, or patient parent/guardian, at time of intake as a patient at Specialty Natural Medicine.

Venofer (Iron) IVs by Specialty Natural Medicine are provided as a package including the administration time, any required consultation time, the Venofer (iron) as well as administration and termination of the IV by your doctor or one of our medical assistants. This package does not have specific codes associated with the full service and cannot be billed to insurance. As this package does not have an associated CPT code, we cannot provide a Super Bill for this service.

Fees due at time of Service

At time of publication, the fee for Venofer (Iron) IVs are \$250* for the initial IV and \$225* for subsequent sessions. Payment for treatment is due at time of service.

Financial Consent for Intravenous Iron IV Therapy

The patient (or signing parent/guardian/representative) understands they are fully responsible for payment of the service in full at time of service. The patient (or signing parent/guardian/representative) understands that this service will not be billed to insurance, that a Super Bill cannot be provided for this service and that insurance will not provide any compensation or coverage for this service.

** - Fees are subject to change. Please inquire prior to service on any updates on package fees.*
